Petition in Support of Station 20

To the Honourable Legislative Assembly of Saskatchewan in legislature assembled:

The petition of the undersigned citizens of the Province of Saskatchewan humbly showeth:

That a Canadian Journal of Public Health study confirmed that residents of Saskatoon's poorest neighborhoods have substantially poorer health outcomes than those living in other communities;

That the Station 20 project is an innovative approach to creating fairer and more equitable health outcomes for residents residing in Saskatoon's poorest neighborhoods;

That Saskatchewan New Democrats set aside $8 million for the project and that Station 20 partners have been busy fundraising to secure the remaining funding required for the project;

That the Sask Party's 2008-2009 budget saw the money set aside for the project disappear;

That the Sask Party Government is sitting on a $1.3 billion surplus and has no reason to take away funding designed to help people achieve a better quality of life for themselves and their families.

Wherefore your petitioners humbly pray that your Honorable Legislative Assembly may be pleased to cause the government to immediately restore funding to the Station 20 project.

And, as in duty bound, your petitioners will ever pray.
