Petition in Support of Addressing High Tuition Fees

To the Honourable Legislative Assembly of Saskatchewan in legislature assembled:

The petition of the undersigned citizens of the Province of Saskatchewan humbly showeth:

That society as a whole, and the economy of the province in particular, benefits from an increasingly educated population, and;

That tuition fees have an impact on post-secondary education participation rates and on the participation of particular groups of people, and;

That Saskatchewan students have enjoyed an undergraduate tuition freeze for three consecutive years, saving students an average of $1,500 last year alone, and;

That Saskatchewan has the fourth highest undergraduate tuition fees in Canada according to Statistics Canada's annual survey of tuition, and;

That tuition fees in Saskatchewan are too high.

Wherefore your petitioners humbly pray that your Honorable Legislative Assembly may be pleased to cause the government to commit to addressing the burden placed by high post-secondary tuition fees on Saskatchewan students;

And, as in duty bound, your petitioners will ever pray.
